

Lesson 5 Reading

1 Read the passage.

My Colorful School Life

My school life is rich and colorful.

I go to school every morning on weekdays. In class, I learn much knowledge from my teachers.

After school, I often go to play basketball or badminton with my friends. Sometimes, there are also activities in music club and drama club. In music club, we play instruments and sing songs together. I can play the guitar while my friends can play the violin, the piano and the flute. We even played a small concert! In drama club, we practice acting and put on a play every two months.

How rich and colorful my school life is!

2 Learn the new words.

club

drama

concert

guitar

violin

flute

- practice – to keep doing something to be able to do it better
