# Reading Time

# Reading Time

Mort is smaller than most of the children in his class. So Mort's pal Cory named him Mort the Short.

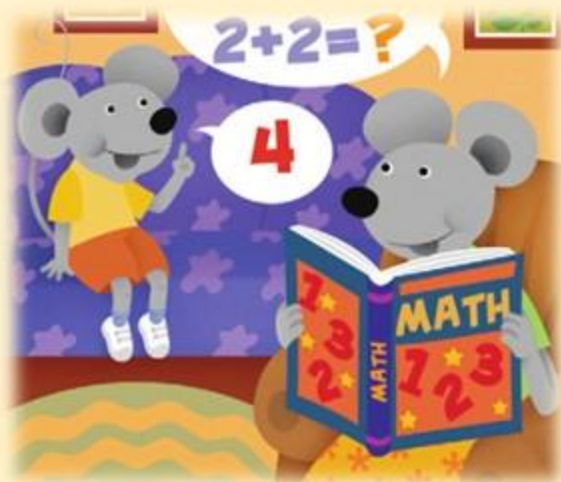

Mort isn't good at running or other sports. But he tries hard. He runs until he is worn out. His mom yells, "Stop, Mort!"

# Reading Time

At school, Miss Loren said,  
“We will have a Math Bee.”  
Mort felt happy. He knew  
that he would win.

Mort did his math from morning  
until night. He added up the  
numbers that his mom named.  
He got each sum right!

# Reading Time

But Cory gave Mort a hard time. “You won’t win,” she said. “I’m better at math than you are.”

That made Mort study more than before! The Math Bee came. Cory did well, but Mort got the Grand Prize!

# Reading Time

The prize was a big, pretty pin.

Cory said, "Now I'll have to name you Mort the Math Whiz!"
