Read the Sustainable Development Goals from United Nations.

## Sustainable Development Goals

### Goal 3 - Good Health and Well-being

-  1. By 2030, reduce the global mother death rate.
-  2. By 2030, end preventable deaths of newborns and children under 5 years of age.
-  3. By 2030, end the epidemics of AIDS...

Deeper thinking after class:

In the face of the global health crisis, do you have any good suggestions and measures to improve this situation?

Task : Do research and collect health problems of your own country in your preview paper.
