## The Great Barrier Reef

The Great Barrier Reef in Australia is the largest coral reef in the world. It's even larger than Italy and Germany!

There are many ocean animals, such as turtles and butterfly fish. I'm sure you have watched the movie "Finding Nemo," and the clownfish can be found all over the Great Barrier Reef. It's very beautiful, but can be very dangerous, too. In the deeper ocean, there are some dangerous ocean animals, such as stone fish, box jellyfish and sharks. Watch out for them!

Each year, many people go scuba-diving there. Would you like to have a try?
