Now look at the list of today's vocabulary and repeat after the teacher.

hallmark/ storage/ vulnerable/ hassle/ bond/ driving/ innovation/ staple/
device/ folding/ vulnerable/ discarded/ piercing/ decades/ attach/ snag/ jams

WORDS IN CONTEXT

 Fill each of the blanks in the passage with one of today's vocabulary word listed above.

STAPLER

A stapler is a () used for joining sheets of paper in metal () through the sheets and () the ends.

Being a () of office supplies for () the stapler has hardly ever made remarkable (). Being used to its technique of () sheets, not so many people may have imagined a staple-free stapler would come into existence.

A staple-free stapler reduces the amount of metal () into the environment. It also means no staple () accidental () of clothing and fingers, and a small amount of () to pull apart the pages.

A staple-free stapler, however, will () only a few sheets, about five at maximum. The fastening itself is not as strong as a metal staple; the pages might be more easily pulled apart and () to mix-up or loss. For long-term () of important documents, you should choose a metal staple because it provides a more permanent ().
