Test Tactic 5: Organizing Opinion questions

To answer “Opinion” type Question 7, it is important to form an opinion quickly, apart from using question restatements and introduction phrases in your response; “Let’s see. What do I think about using plastic bags? Well, I don’t think we should ...”

Your opinion can be ‘for’ (I really think that we should ...), or ‘against’ (I don’t think we should ...).

Think of some reasons to support your opinion. You could also add some opposing points if you can think of any, in which case don’t forget to conclude your response with your own opinion.

Test Tactic 6: Organizing Description questions

To answer “Describe” type Question 7, begin with an introduction sentence that says what you are describing and includes key words from the question. You could use conditionals; “Well, if I have to describe my favorite TV program, I would say that...”

Give a reason why you chose this item. Describe it, giving as much information as you can. Use plenty of adjectives.
